

## Gem County Noxious Weed Priorities 2008

1. Prevent -- No known populations are present
  2. Eradicate -- Small populations, eradication very possible, few infestations
  3. Control -- Work toward eradication which may not be possible due to multiple infestations
  4. Contain -- Large, widespread populations, work to reduce and keep from spreading
- EDRR -- State Designation: Early detection and rapid response

Species	County Priority	State Priority	CWMA Project	Bio-Control Program	CWMA Cost Share
Black Henbane	1	4
